OCTOBER
EDITION

Nash News

Trunk or Treating is a great alternative to the traditional house to house, neighborhood, trick

or treating tradition. If you live in a wonderful neighborhood with great neighbors and have

traditions for trick or treating, that's a good thing! Oftentimes, a really nice, safe neighborhood

will experience a mass convergence of trick or treaters which can cause traffic jams, need for

crowd control and other problems which put a damper on the event.

Participants will decorate their trunks in a variety of different fashions. Then they pull up a

good yard chair and hand out candy as the costumed guests come by. All participating automobiles are lined up together in a particular area of the parking lot. I have seen trunks

devoted to college football teams, Halloween/fall decorations which included potted Mums, ghosts, decorative scarecrows as well as a Disney themes.

There will also be a DONATION TRUNK to collect food or winter clothing!

Car Set up will begin at 4:30 in the Main Lot. If you'd like to reserve a spot in the lot to hand out candy from your decorated trunk please contact emilygerstung@yahoo.com

HELP OUR SCHOOL:

Who doesn't LOVE prizes??? We are holding a contest to see who can turn in the most rewards from each of the following places. The top contributor of each will receive a \$15.00 voucher to the fall Scholastic Book Fair! The contest will start on Monday October 10th. Winners will be announced on November 18th.

NUTRITION

WHAT YOU NEED TO KNOW

Proper nutrition is the key to leading a healthy life, and healthy eating habits are best formed in childhood. Parents can teach their children good eating habits by being positive role models in their own choices and explaining to their children the importance of a balanced diet and how to choose healthy options from each food group. The U.S. Department of Agriculture's MyPyramid for kids (www.choosemyplate.gov) can be a useful resource for talking to your kids.
